

THE NEW 35 CLUB PRESIDENT

The 35 Club has a new board: Aulina Mithal Sood of Star Worldwide

(President), *pictured left*, Angie Mirams (Welti-Furrer), Armand Guillemoteau (JVK International Movers), Patrick Makurat (Brauns International), and Caroline Mason (John Mason International).

So, a fond farewell and big thanks to former President James Dasey (Doree Bonner) and Neil Pertoldi (Abels International) for their sterling work whilst on the board. *We'll miss you!*

The Boston conference has been and gone and like all these events there were good bits and bad bits.

Our inaugural Fun Run was fantastic – over 70 runners and by the time the count is complete, probably not far short of US\$10,000 raised for Bertram's Junior School.

Casey Kachur (Starline Overseas Moving) and Marissa Tejada Benekos of Celebrity International in good form.

That's a great result for the very first run - special thanks to all those wonderful people who gave up their time to help make this first event such a great success.

Already we're thinking about next year and how we can build on the success of this first event.

Definitely we want to make it bigger and better with every year that goes by – next year we'll aim to have more than 100 people running and then the year after that, who knows?!

We had a great route round Boston Common but it wasn't easy – within the first few hundred yards we were all confronted with a long, long slope that seemed deceptively easy but in fact was enough to stop you in your tracks!

THANKS BOYS!

Special thanks to our retiring board members, Neil Pertoldi

..... and James Dasey.

Now that's what you call Swiss co-operation! Fabio Macchitella of DGM Veron Grauer in Geneva staggers towards the finishing line with Stefano Scaglioni of Welتي-Furrer.

What does a good Belgian enjoy most? A beer! Although whether the American beer being carried by Barth Sterckx of Transworld International compares with the beer from his native Belgium is anybody's guess....

Francis Toedlli (Trafimar) is looking a wee bit unsure about something, but has the joy of standing next to recently married Saenah Song of Asian Tigers Mobility.

From Damascus, Ablah Darwish of Darwish Logistics experienced her first FIDI event.
